

High Plains Retreat Center

PO Box 7709 Amarillo, TX 79114

HPRC Job Opportunity

Thank you for your interest in working at High Plains Retreat Center. Working at HPRC is both rewarding and challenging, whether you're interested in full-time summer work or occasional work on our challenge elements, lifeguarding, or other activities. We have a lot of fun in serving others and we also work hard!

HPRC is a Christian Camp that serves many different ages and groups. We're always looking for strong, committed Christian young people to help serve.

Our occasional hires will be trained on our challenge elements and, if interested, as a lifeguard. The work is available when we have groups using the activities usually on Friday nights or Saturdays and throughout the summer.

Our summer employees work, live, and eat at camp during the summer, June through the first week of August. There is a little flexibility during the summer for you to be able to attend camp with your church or take time for a family vacation. We are also open to the option of having a couple of summer employees work just the month of June or July. That is something we would need to talk about and work out with other summer workers. You will be trained on the challenge elements and lifeguarding, as well as our other activities like archery, riflery, and other games.

Summer work responsibilities:

- Work and supervise activities
- Cleaning – cabins, dining rooms, activity area, kitchen, etc
- Maintenance and mowing
- Leadership for camps
- Investing in the lives of campers

Rewards:

- Gaining new skills and experience
- Serving others for Christ
- Room and food provided
- Weekly compensation
- Building lifelong friendships

The link for the application is located below and you can fill it out online. Due to the ministry involved with the job, we do need 3 references with at least 1 of those being from a minister.
